# Set up

## CAS SW-RS(10KG) Weight Scale

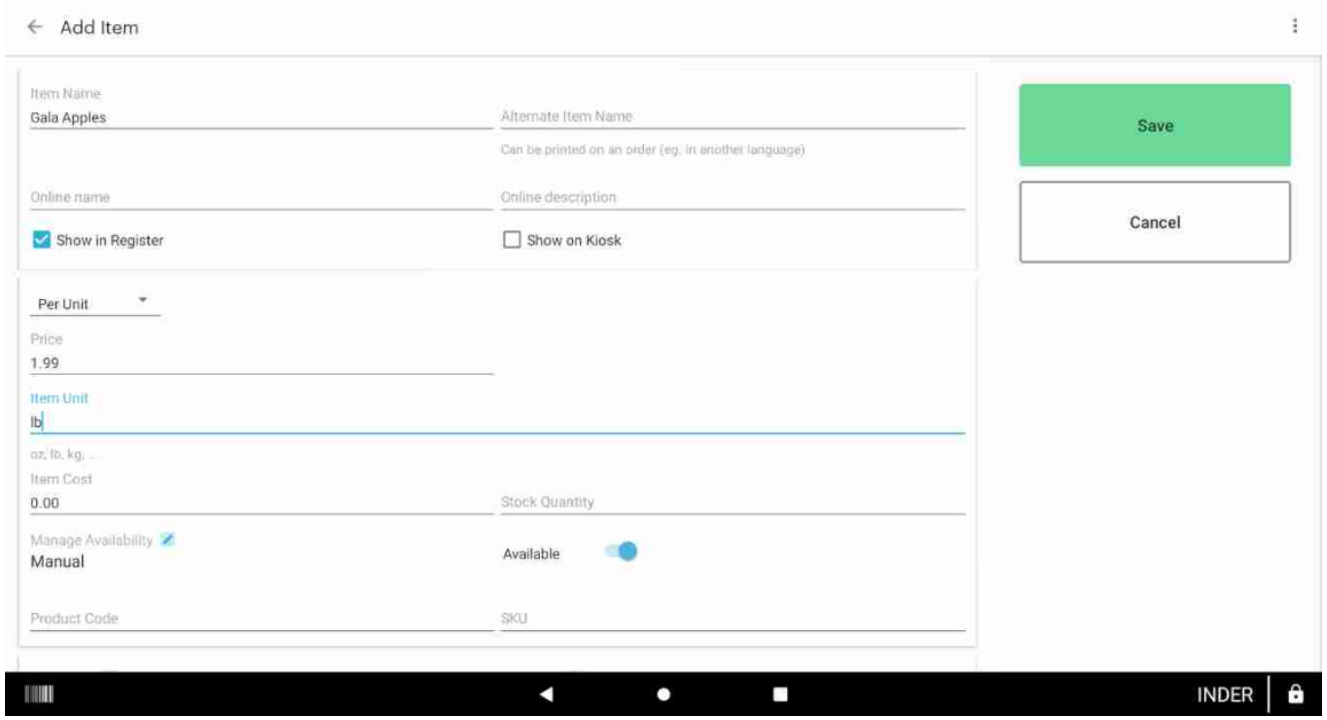

The Weight Scale cable plugs into one of the USB ports on the Mini, Solo or Station Duo Hubs. It is plug and play with no configuration required on the Clover device or dashboard.

- Connect the supplied USB cable to the Station Duo, Solo or Mini Hub.
- Flip over the weight scale and connect the other end of the USB cable to the port on the bottom of the Weight Scale, secure using the screwdriver.
- Connect the power cord to the underside of the scale.

# How to use

- It is possible to have items priced by different units on the same order as long as you change the unit on the scale for the items with different per unit prices. In the following screen shots you can see items with different per unit prices (kg, g, lb, oz) and you can see they are all on the same order
